

Pathway

We will include a filter feature which will allow the user to select what qualities they want in possible attractions

user profile

Filters

Search bar with a magnifying glass icon and a filter icon (three horizontal lines with a small square at the end).

Shows personalized attractions with color indicating how close the attractions meets the user's preferences

Attraction #1 ●

Attraction #2 ●

Attraction #3 ●

Attraction #4 ●

Map area with a filter icon (three horizontal lines with a small square at the end) in the top left corner.

This will be a map of the users destination and they can use the filter to pinpoint attractions or get an idea of where an attraction they like is located

Timeline section with a title bar containing "Date", "prev", and "next" buttons.

8:00 am

This will show the current timeline of one day of the users itinerary

10pm
